DOCK LEVELER CURTAINS

CUSTOM DOCK LEVELER

CURTAIN—The Nova Dock Leveler Curtain (DLC) seals the pit while the leveler is in use to help prevent loss of heating and cooling energy from the building. It also helps prevent dust, debris and pests from entering the building. Velcro® attachments across the top of the leveler header allow easy entry for performing leveler maintenance. The DLC is custom fit to any brand of dock leveler.

- Top-grade fabrics provide superior performance and maximum durability
- Made from 22 Oz. Vinyl
- Durable, high chemical resistance
- Combination of retractor straps and fiberglass stays enable curtain to retract and neatly store beneath leveler
- Easy installation—requires no maintenance
- Customized to fit your dock leveler (custom drawing is required for any “cut-out” needed)

STOCK DOCK LEVELER CURTAIN—The Nova Stock Dock Leveler Curtain (DLC) has all the benefits of the custom version, with the convenience of easy field installation. Instead of taking measurements for a custom fit, our Stock DLC can be cut to size by technicians at the moment of installation. The seams are lock-stitched to prevent seams from coming undone after being cut.

- No measuring required
- Simply cut to size while installing
- All sew lines are lock-stitched and reinforced with UV-resistant thread
