

Bumper Guide

Bumper Guide Benefits

- Reflect both sunlight and vehicle lights
- Installs in minutes using drive-in concrete anchors
- Improves visibility, making it easier for the truck driver to position at the dock
- UV protected for maximum life
- Aluminum backed to prevent rust
- Multi-directional, laser printed reflective materials accentuate the drive line
- Designed with low-light applications in mind (inside docks, night loading, shaded building)
- Compatible with any type of dock (Pit Style, EOD, Vertical, Scissors)
